LATTE

In an ever-changing era, amidst the busyness of life, urban elites seek to slow down and find balance between self and the outside world. 'Royal Court' draws inspiration from the smoothness of a latte, embodying a warmth that is neither too aloof nor too flashy, the touch of luxury is just right. With latte coffee as its base, it exudes gentleness and poetic charm, subtly radiating a modern urban vibe. FREE TIME

In an era of chaos, people seek the tranquility brought by a cool aesthetic, as well as a calm, elegant space that seems to embrace all emotions and colors. The combination of black aluminum frames and gray glass, along with the soft gray tones and the deep, mysterious blacks, creates a play of light and shadow that adds depth and texture to the space. The clean, simple lines foster a minimalist and comfortable home atmosphere. By adopting a natural stance toward their true selves, they can shut out the noisy world and quietly reside in a corner, embarking on a beautiful journey of freedom.

NORDIC IMPRESSION

Embracing the refined lifestyle concept of Northern Europe, we build upon a 30-degree gray tone, harmonizing chaotic natural textures with a repetitive rectangular structure. The addition of Tiffany blue introduces a soothing rhythm while maintaining a sense of style, and the subtle incorporation of technical black elements elevates the overall quality of the space.
